

780/A DERBY 2.0

POLICE & MILITARY

- Multiactivity uniform footwear, lightweight and comfortable
- Upper of full grain leather, soft and breathable
- Lined with soft leather, very breathable
- New active carbon antibacterial anatomic footbed
- Good stability both for walking and running
- Excellent grip on various grounds
- Extremely comfortable for long-day usage
- Rubber outsole with high abrasion resistance and energy absorption in the heel area
- Slip resistant SRC
- Antistatic properties

Product name: DERBY 2.0

Article number: 780/A

Upper leather

Black full-grain cow leather, thickness 1.4-1.6 mm water-repellent and breathable treated, chrome-tanned and aniline dyed

Lining

Soft black full grain leather, 1.0-1.1 mm thick

Toe cap

Thermo-bonded elastic fabric

Heel cap

Regenerated leather impregnated with heat-setting resins, thickness 1,6 mm.

Sewing thread

High tenacity polyester yarn, title 60, black

Laces

Cord type 100% cotton, passing through 4 couples of reinforces holes.

Insole

Synthetic bonded fabric, thermally mouldable, with stabilizer steel shank and back reinforcement.

Foot-bed

Removable, anatomic and thermoformed, with high absorption and desorption properties, as well as high abrasion resistance. Active carbon anti-bacterial properties.

Sole

Antistatic rubber, fuel oil resistant, provided with a shock-absorbing heel and high slip resistance SRC. Also resistant to contact heat at 300°C.

Weight/pair

abt 950 g (size 42)

Back height

abt 10 cm (sole included) (size 42)

CE certificate

EN ISO 20347:2012 O2 HRO FO SRC

Size range

38 – 48
